Material	plastic, steel
Max. load capacity	1 kg
Special features	freely rotates 90°
Swivel	90 °
Type	black
Weight	1.73 kg
Width	from 102 to 189 mm

The combination of the stand and the Universal Tablet Holder supports you on stage, at home or in the studio. The individually adjustable support arms can accommodate the use of tablets ranging in height from 163 to 242 mm and a width from 102 to 189 mm (such as e.g. iPad, iPad Air, iPad Pro, Amazon Fire HDX 8.9, Google Nexus 9). The depth of the tablets can vary between 5 and 11 mm. For the first use of the tablet holder the support arm settings are made by adjusting the clamp screws to the size and depth of the tablet. For other uses the tablet can be attached and detached quickly and simply through a snap lock. A handy wing nut allows one to adjust the angle, so that each user will easily be able to find their ideal individual position. The tablet can switch between portrait and landscape positions. The tablet is kept in place, there is no danger of the tablet switching position by itself. The light and two-tiered expandable stand can be adjusted to any height between 70 and 155 cm. A small and compact footprint makes this stand easy to transport.
